e.g. water-based cooling lubricants, diluted acids or alkaline solutions, detergents and disinfectants as well as cement and lime

- reduces skin stress
- W/O emulsion
- silicone-free
- perfumed
- contains glycerine and beeswax

Healthy Skin. Safe Work.

 **GREVEN[®]**

GREVEN[®] AQUA TEC (Lotion)

Application Area

GREVEN[®] AQUA TEC is suitable for the protection against water-soluble workplace substances, e.g. water-based cooling lubricants, diluted acids or alkaline solutions, detergents and disinfectants as well as cement and lime etc.

Product Description

GREVEN[®] AQUA TEC is a special protective lotion against water-soluble workplace substances. The W/O emulsion is free from silicone.

Product Properties

- The basic principle of skin protection products is based on their emulsion type.
- The W/O emulsion forms an oleophilic film on the skin, which is an effective barrier against hydrophilic workplace substances. However, this property alone is not sufficient for an effective protection. The effectiveness of the protective film is complemented by medicinal white oil (liquid vaseline), beeswax and fatty alcohols.
- Panthenol has an additional anti-inflammatory effect and supports the skin's natural regeneration capability.
- This concept of active ingredients is complemented by lipid-balancing substances.

Composition according to INCI

AQUA, PARAFFINUM LIQUIDUM, GLYCERIN, ETHYLHEXYL STEARATE, PEG-7 HYDROGENATED CASTOR OIL, CAPRYLIC / CAPRIC TRIGLYCERIDE, DIBUTYL ADIPATE, PEG-45 / DODECYL GLYCOL COPOLYMER, CERA ALBA, STEARYL ALCOHOL, PANTHENOL, MAGNESIUM STEARATE, ALUMINUM STEARATE, TOCOPHERYL ACETATE, PHENOXYETHANOL, METHYLPARABEN, ETHYLPARABEN, PROPYLPARABEN, BUTYLPARABEN, PARFUM.

Application

Before work and after breaks, apply GREVEN[®] AQUA TEC carefully on the skin, which previously has been cleaned thoroughly and dried carefully. Rub in the cream evenly, paying particular attention to vulnerable areas such as between the fingers and around the nails. Reapply after longer work intervals. The product should not get into the eyes.

Certificate of Dermatological Compatibility

The dermatological compatibility of GREVEN[®] AQUA TEC has been carefully tested and proven. A printed certificate is available.

Statutory Regulations

GREVEN[®] AQUA TEC is subject to the Regulation (EC) No 1223/2009 on cosmetic products. Further details on handling the product can be obtained from the Group Data Sheets for skin products (for occupational use).

Storage Instructions

The product will keep for at least 30 months (from date of manufacture) if stored unopened at room temperature in the original packaging. The Period After Opening (PAO) is indicated on each bottle.
